PREFERENCES - A NOTICE TO VENDORS (SEP. 2009): On June 16, 2009, the South Carolina General Assembly rewrote the law governing preferences available to in-state vendors, vendors using in-state subcontractors, and vendors selling in-state or US end products. This law appears in Section 11-35-1524 of the South Carolina Code of Laws. A summary of the new preferences is available at www.procurement.sc.gov/preferences. ***ALL THE PREFERENCES MUST BE CLAIMED AND ARE APPLIED BY LINE ITEM, REGARDLESS OF WHETHER AWARD IS MADE BY ITEM OR LOT. VENDORS ARE CAUTIONED TO CAREFULLY REVIEW THE STATUTE BEFORE CLAIMING ANY PREFERENCES. THE REQUIREMENTS TO QUALIFY HAVE CHANGED. IF YOU REQUEST A PREFERENCE, YOU ARE CERTIFYING THAT YOUR OFFER QUALIFIES FOR THE PREFERENCE YOU'VE CLAIMED. IMPROPERLY REQUESTING A PREFERENCE CAN HAVE SERIOUS CONSEQUENCES.*** [11-35-1524(E)(4)&(6)]

PREFERENCES - ADDRESS AND PHONE OF IN-STATE OFFICE: Please provide the address and phone number for your in-state office in the space provided below. An in-state office is necessary to claim either the Resident Vendor Preference (11-35-1524(C)(1)(i)&(ii)) or the Resident Contractor Preference (11-35-1524(C)(1)(iii)). Accordingly, you must provide this information to qualify for the preference. An in-state office is not required, but can be beneficial, if you are claiming the Resident Subcontractor Preference (11-35-1524(D)).

___ In-State Office Address same as Home Office Address

___ In-State Office Address same as Notice Address (check only one)

AMENDMENTS TO SOLICITATION (modified):

(a) The Solicitation may be amended at any time prior to opening. All actual and prospective Offerors should monitor the following web site for the issuance of Amendments: <https://www.sccsc.edu/about/vendors/purchasing-solicitations.php> (b) Offerors shall acknowledge receipt of any amendment to this solicitation

(1) by signing and returning the amendment,

(2) by identifying the amendment number and date in the space provided for this purpose on Page Two,

(3) by letter, or (4) by submitting a bid that indicates in some way that the bidder received the amendment. (c) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged. [02-2A005-1]

Spartanburg, SC 29303

Narrative:

This Amendment is being issued to extend the deadline for submitted bids and to provide answers to questions asked relative to the specifications. Please see below.

Note: SCC is extending the deadline for Bids to be submitted until: June 10, 2024 at 2:00 pm.

Question: If the equipment has been fully upgraded with software dated 2022 to 2024 and fully refurbished - would this be acceptable?

SCC Response: No, the manufacturer date must be 2022 or newer.

Question: Can the units have a refurbished date of 2022 or newer, as long as the software is the most up to date version available for the unit?

SCC Response: The Manufacture date must be 2022 or newer.

Question: The bid asks for 5 systems with 4 active ports and 2 parking ports but then is requesting wireless transducers. We are not certain what they are looking for as one contradicts the other. If we are quoting wireless transducers, then there are no active ports on a machine.

SCC Response: Ports are not needed for wireless transducers. However, the specifications list several transducers that are NOT wireless. An active port is required for all "non-wireless" transducers specified.

Question: 2 - Wireless dual transducer with BOTH curved and linear array scanning capability in a single transducer. There are no transducers in the industry that combine curved and linear. They are either one or the other for different scanning modalities. Ex. Curved transducers are for Abdominal scanning. Linear array transducers are for Vascular and Small parts imaging.

SCC Response: SCC will accept multiple wireless transducers (one for linear and one for curved functionality). SCC will also accept a manufacturer other than the host equipment manufacture as the supplier of the wireless transducers. However, the wireless transducers must seamlessly integrate with the host equipment without any loss of functionality.

Question: Transducer must be able to connect to Android and IOS tablets. The transducer must be the same manufacturer as the machine to avoid software incompatibility. The companies that make the IOS and Android tablets do not make ultrasound transducers. These are two different manufacturers, ne that makes the tablets and one that makes the medical device.

SCC Response: SCC will accept a manufacturer other than the host equipment manufacture as the supplier of the wireless transducers. However, the wireless transducers must seamlessly integrate with the host equipment and host operating software without any loss of functionality. The wireless transducer provided must also connect to an Android and/or IOS tablet and function seamlessly with the transducer and host equipment.
