

Spartanburg Community College

Institutional Profile

(updated 02/01/2018)

Vision Statement

Spartanburg Community College is a catalyst in changing lives, building the future of our students and citizens, and developing the economy of the Upstate.

College Mission

Spartanburg Community College provides exceptional, accessible, learning centered education and workforce development programs and services.

Description

Spartanburg Community College is a state-supported two-year technical and community college offering certificate, diploma and associate degree programs in the Arts & Sciences, business technology, health & human services, engineering and industrial technology fields. The College currently serves the SC counties of Spartanburg, Cherokee and Union.

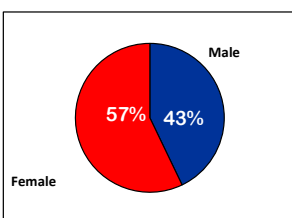

History

The Spartanburg County Technical Education Center first opened in the Fall of 1963. During its first decade the school was accredited by the Southern Association of Colleges and in 1969 a second classroom building was constructed. In 1974, in recognition of the school's expanding academic curriculum, the name was changed to Spartanburg Technical College. As the college continued to grow, satellite campuses were opened to accommodate students in the 3 county service area. In 2006 the college changed its name to Spartanburg Community College, becoming the first community college in the state of SC. Today the college operates a 104 acre main campus with 9 academic & physical plant facilities and a downtown campus with 1 academic facility in addition to three satellite campuses in the towns of Duncan, Gaffney and Union.
