In addition to working with internal partners, crime statistics are requested from other law enforcement agencies who have jurisdiction on campus to include the Spartanburg County Sheriff’s Department, the City of Spartanburg Police Department, the Union County Sheriff’s Department, and the City of Gaffney Police Department.

The SCC Campus Police Department encourages members of the SCC community to use this report as a guide for safe practices on and off campus. For a hard copy of this information or alternative formats please contact the SCC Campus Police Department at (864)592-4911.

## **CAMPUS POLICE DEPARTMENT OVERVIEW AND AUTHORITY**

The SCC Campus Police Department employs state law enforcement officers and contracted state certified security officers. The state law enforcement officers (Police Officers) that work for the department are Group 1 State Constables, and graduates of the S.C. Criminal Justice Academy Basic Law Enforcement Training (BLE) program in Columbia, South Carolina. The contract Security Officers employed by the College are state-certified by the State Law Enforcement Division (SLED). Both Police Officers and Security Officers have authority to apprehend and arrest anyone involved in illegal acts on-campus and areas immediately adjacent to the SCC campuses. If minor offenses involving College rules and regulations are committed by a college student, the campus police and security may refer the student to the SCC Office of Student Conduct. All criminal offenses are reported to the local sheriff's office or city police department with jurisdiction. The SCC Campus Police Department personnel work closely with local, state and federal agencies and campus police officers have direct radio contact with local police and sheriff dispatch and communication centers.

## **REPORTING CRIMINAL OFFENSES**

All students, employees, and visitors should promptly report criminal incidents, accidents and other emergencies to the SCC Campus Police Department by dialing extension 4911 on campus, or by calling (864)591-4911. This number can be called twenty-four hours a day, seven days a week on a year round basis. SCC phones are located in classrooms, labs, offices and hallways throughout the SCC campuses. There are also emergency call boxes throughout the campuses for use when emergency assistance is needed.

In accordance with the Clery Act certain employees on campus are recognized as "campus safety authorities" (CSAs) because they have significant responsibility for students and campus activities. CSAs are required to report any reports of criminal activity to the Campus Police Department. When the Campus Police Department is made aware of possible criminal activity there will be an immediate response to investigate and situation. The Campus Police Department works closely with local, state and federal law enforcement agencies as needed during these investigations.

If you are the victim of a crime and do not want to pursue action within the College system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Campus Police Officer can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. Report filed in this manner are counted and disclosed in the annual crime statistics for the institution.

## **ALERTING THE COLLEGE COMMUNITY**

The Spartanburg Community College (SCC) has a number of different ways it can rapidly disseminate information in the event of an emergency, as well as non-emergency situations causing a significant and real or perceived threat to the campus community.

SCC utilizes a text message alert system called SCC911. This messaging system sends alert via text messages to anyone who has opted-in to the service. To receive these alerts text FOLLOW SCC911 to 40404. SCC can also send a broadcast e-mail to everyone who has a College e-mail account and any affiliated individual who has provided an e-mail address.

Outside building announcements can be made in certain areas via the SCC early warning siren system. An announcement can also be made over the SCC emergency phone notification paging system notifying persons in close proximity to an SCC phone of an alert. SCC may also utilize banners on the main website, social media, and other means of communications if available, depending on the type of incident requiring notification.

### **Timely Warning**

SCC will issue a “Timely Warning” to notify the campus community of any Clery crimes that occurred or are occurring anywhere on SCC’s Clery geography that are considered to be, in the judgement of the Director of Campus Safety & Security or his or her designee, a serious or continued threat to students and employees. Examples of crimes where timely warnings may be issued include, but are not limited to: sexual assaults, robbery, or aggravated assaults. Distribution of this type of warning is typically done by way of broadcast e-mail and or text messaging.

### **Emergency Notification**

SCC will issue an “Emergency Notification” to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health, safety and or security of students and employees on campus. Examples of such significant emergencies or dangerous situations include, but are not limited to, active shooter on campus or tornado warnings. This type of notification is typically through a combination of messaging systems.

### **Emergency Response and Evacuation**

SCC conducts drills and exercises each year to assess and evaluate its emergency plans and capabilities. During these processes SCC involves and works with numerous different departments on campus, and off-campus agencies.

The SCC Campus Police Department maintains an Emergency Response Guide for the College. This plan is meant to serve as a guide for all College personnel in the event of an emergency at or near one of the College’s campuses. While no plan can cover every possible situation or emergency, this guide describes basic actions necessary to protect personnel and property and to enhance the capability of the College’s response in coordination with local emergency response agencies. More information on this plan can be requested by contacting the SCC Campus Police Department at (864)592-4911.

### **BUILDING SECURITY AND ACCESS**

SCC is a public institution and open to the public. Access to certain areas may be restricted as needed. In order to maintain the safety of the campus community, the college has the ability to

restrict, withhold, or remove a person's access to or presence on college property due to safety considerations relating to the college community.

SCC is committed to campus safety and security. Exterior lighting and landscaping control is a critical part of that commitment. Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate and that the landscaping is appropriately controlled. Officers with the SCC Campus Police Department conduct routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate a work order. SCC Campus Operations works to identify and repair inoperative locking mechanisms, and maintenance staff are available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. Any community member who has a concern about facility safety and security should report this concern to the SCC Campus Police Department by calling (864)592-4911 or by e-mailing the department at [campuspolice@scsc.edu](mailto:campuspolice@scsc.edu).

## **CRIME PREVENTION AND SECURITY AWARENESS**

Crimes can occur at SCC just as they can occur anywhere. Preventing crime is a shared responsibility of the entire college community. If you are the victim, witness, or have knowledge of a crime or suspicious activity, you should immediately contact the Campus Police Department by calling (864)592-4911.

The Campus Police Department provides awareness and crime prevention training periodically throughout the year. Information on these programs and on basic crime prevention and safety tips are available on the department website. A common theme of all awareness and crime prevention training is to encourage students and employees to be aware of their responsibility for their own security and the security of others. In addition to training sessions, information on these topics are disseminated to students and employees through various means to include literature, displays and e-mail communication. The Office of Student Conduct serves as a resource for students as well, providing materials and assistance with crime prevention and related topics.

## **OFF-CAMPUS CRIME**

Local police and sheriff's departments are the primary responder to criminal activity occurring off campus. However, local law enforcement routinely work and communicate with campus police on incidents involving a student or in the immediate neighborhood and business area surrounding the college campuses.

## **ALCOHOL AND ILLEGAL DRUGS**

The South Carolina Technical College system prohibits the unlawful manufacturing, distribution, possession or use of illegal drugs and alcohol at the workplace and in the educational setting. It is the policy of the College to provide a drug-free, healthy, safe and secure work and educational environment. It is unlawful to sell, furnish, or provide alcohol to a person under 21 years of age. It is a violation of College policy for anyone to consume or possess alcohol in any public or private area of campus without prior College approval. Organizations, groups, or individuals

violating alcohol and substance policy or laws may be subject to sanctions by the College. All South Carolina laws will be followed relating to drug and alcohol enforcement. SCC police and procedure related to this topic, available for review, include: Alcohol and Drug Problems (II-30.4), Employee Alcohol/Drug Use (VI-320.1), and Student Code (V-120.1).

### **Student Disciplinary Procedures**

The Office of Student Conduct will handle student disciplinary procedures. Because due process is essential in dealing with infractions of College regulations, any disciplinary actions taken and sanctions imposed on a student will follow the SCC Student Code which can be found in the Student Handbook at the following link: <https://www.sccsc.edu/catalog/>. If a situation requires sanctions, the following sanctions could be imposed: reprimand, special conditions, disciplinary probation, loss of privileges, suspension from the college, expulsion from the college, additional measures. Additional information on sanctions and related process and procedure can be located in the Student Handbook and or by contacting the Office of Student Conduct.

### **SEX OFFENSES**

Spartanburg Community College, in compliance with the Violence Against Women Act (VAWA) of 2013, and the Campus Sexual Violence (SaVE) Act, Section 304, educates the student and College community about sexual harassment, sexual assault, rape, acquaintance rape, stalking, dating violence and domestic violence. This is done by providing students with information on these topics by way of literature, the Student Planner and Student Handbook. Additionally, SCC provides workshops on these topics, and five (5) online modules are assigned to student to complete on these topics. This information is covered in orientations, and the Campus Police Department offers sexual assault education and information programs to students and employees upon request. Literature on sexual harassment and assault including prevention, support, information and actions to take in an incident occurs, is outline in the SCC student handbook and available at the Office of Student Conduct. SCC prohibits dating violence, domestic violence, sexual assault and stalking.

Any student, or other member of the college community, who believes that he or she is or has been a victim of sexual harassment or sexual violence may file a report with the college's Chief Student Services Officer, the Campus Police Department, or with the college's Title IX Coordinator, or designee. The following definitions are provided in the Student Handbook which is provided to students, and can be located at the following link:

<https://www.sccsc.edu/catalog/>. Sexual assault is defined as actual or attempted sexual contact with another person without that person's consent. Consent is explicit approval and permission to engage in sexual activity demonstrated by clear action, words, or writings. Consent must be informed, voluntary, and mutual, and can be withdrawn at any time. Sexual Violence is a broader term than sexual assault. The term encompasses sexual homicide, rape, incest, molestation, fondling, stalking, intimate partner violence, and verbal harassment of a sexual nature. Stalking is defined as repeatedly following, harassing, threatening, or intimidating another by telephone, mail, electronic communication, social media, or any other action, device,

or method that purposely or knowingly causes substantial emotional distress or reasonable fear of bodily injury or death to the targeted person or a member of their family.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The Spartanburg Community College Police Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a Campus Police Officer and or the Office of Student Conduct. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgement from officers. Filing a report will:

- Ensure that a victim of sexual assault receive the necessary medical treatment and tests, at no expense to the victim;
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later;
- assure the victim has access to free confidential counseling specifically trained in the area of sexual assault crisis intervention.

College disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Student Handbook V-120.2 Alleged Acts of Sexual Violence and Sexual Harassment.

### **Sexual Assault on Campus**

Report immediately to Campus Safety/Police at ext. 4911 (on campus) or (864)592-4911. Give Campus Safety/Police as much of the following information as you can.

- Your exact location
- Your name and the phone number from which you are calling
- The severity of your injuries
- Pertinent details – where it occurred, how long ago,
- Information about the offender—name (if known), description, direction of flight, description of vehicle (color, make, license plate number)
- Do not disturb the crime scene.

The campus will be searched immediately for suspects, outside law enforcement agencies will be contacted for assistance, and a timely search for the suspect will be communicated in the campus community and in the surrounding area. The alert will be initiated by whatever means necessary to communicate the pertinent information to the campus community. The victim's name and personal information shall remain confidential. Disciplinary proceedings will be initiated when a student or employee is accused of a sexual assault on any SCC properties. Both the accuser and the accused are entitled to due process, and both will be notified of the outcome on any disciplinary actions. Related SCC policy available for review: Alleged Acts of Sexual Violence and Sexual Harassment (V-120.2).

## **Sex Offender Registration**

Pursuant to the Violent Crime Control and Law Enforcement Act of 1994, information concerning registered sex offenders may be obtained by a link on SCC's Campus Police web site as well as [www.sled.sc.gov](http://www.sled.sc.gov).

## **VIOLENCE ON CAMPUS**

It is the goal of Spartanburg Community College to promote a safe, respectful, and proactive work environment in which to deliver quality academic programs and public service activities. To this end, SCC will not tolerate, condone, or ignore workplace violence. Each department head, manager, supervisor, and employee is responsible for keeping the workplace free of violence. This includes intimidating, hostile, threatening, or violent behavior by employees or non-employees (vendors, job applicants, visitors, spouses, etc.) against self, others, College property owned by third parties but present on College premises.

Any person, who experiences, observes or has knowledge of actual or threatened workplace violence has the responsibility to report the situation immediately to Campus Police at ext. 4911 or (864)592-4911.

Spartanburg Community College will follow State Law Title 23, Chapter 31, Article 4 of the South Carolina Code laws concerning firearms on any SCC property. Any person found to be in violation of these statutes is subject to prosecution to the fullest extent of the law. Knives with a blade over 4" long are illegal on campus.
