**SPARTANBURG
COMMUNITY
COLLEGE**

SCC does not discriminate on the basis of race, color, religion, age, sex, national origin/
ethnic origin or disability in its admissions policies, programs, activities or employment practices.

Your education at Spartanburg Community College is one of the most valuable investments you will make in your life. The Financial Aid Office is committed to providing affordable access and quality service because we believe attending college should not be limited by your or your family's financial resources.

At SCC, financial aid is available from several sources: federal and state grants, loan programs, student employment, scholarships and veteran benefits. SCC's Financial Aid Office will help you identify programs that are right for you. If you have questions or need any of the forms mentioned in this brochure, please call the Financial Aid Office at (864)592-4810, toll-free 1-888-591-3810 or visit the Financial Aid Office's website at www.sccsc.edu/FinancialAid.

What is Financial Aid?

Financial aid is money in the form of loans, grants and employment that is available to help pay the cost of attending college. Most financial aid is awarded on the basis of need. One of the principles behind need-based aid is that students and their families should pay for educational expenses to the extent they are able.

- 1. Grants and scholarships** are money that do not have to be repaid.
- 2. Loans** are borrowed money that must be repaid.
- 3. Work-Study** is money that you earn by working a part-time job at SCC.

What are the Eligibility Requirements to Receive Federal Financial Aid?

You must meet the following eligibility requirements to receive federal assistance, and each program may have additional requirements:

When and How Do I Apply?

To determine whether or not you are eligible for a federal financial aid program, S.C. Need Based Grant or Lottery Tuition Assistance, you and your family must complete a Free Application for Federal Student Aid (FAFSA).

- The FAFSA must be completed once per year. Note: The FAFSA becomes available October 1 for the upcoming academic year. The FAFSA should be completed online at <https://fafsa.gov>.
- The school year consists of the fall semester (begins in August), the spring semester (begins in January) and the following summer semester (begins in May). Your FAFSA covers federal eligibility for the fall, spring and summer terms.
- You and your parent (if dependent) should apply for a FSA ID and password prior to completing the FAFSA for the first time. Go to <https://fsaid.ed.gov> to create the ID and password, upon completion, you may begin the FAFSA for the academic year of your choice.
- If you filed an IRS Tax Return, please use the IRS Data Retrieval Tool (DRT) to pull your tax information into the FAFSA which will simplify the process. When completing the FAFSA you will use two years prior tax information. The 2019-2020 FAFSA form asks for 2017 income and tax information. The 2020-2021 FAFSA form will ask for 2018 income and tax information.
- The SCC Priority Deadline for completed FAFSA is **May 1** of each academic year to be considered for all financial aid funds available. Note: Most four year institutions have earlier priority dates, please check with the schools you are considering.
- SCC's school code for the FAFSA is 003994.

How Does The Process Work?

- You complete the FAFSA and include SCC's school code, 003994.
- After submitting the FAFSA, you will receive a Student Aid Report (SAR), and SCC will receive your application data electronically.
- If additional information is needed to complete your financial aid file, you will receive an email to your SCC email account. Items needed can be viewed through MySCC Portal in Student Self-Service under "Financial Aid" then "My Documents/Complete Required Documents" Submit the requested information as soon as possible and make sure all documents are signed.
- Once your file is complete, you will receive an email to your SCC email account. You can view or print your financial aid award letter and all financial aid award letter inserts through MySCC Portal in Student Self-Service under "Financial Aid."
- Read everything thoroughly. Important dates are listed so that you will know when your awards will be applied to your student account to use toward tuition and fee charges and when you can go to the SCC Book Inn to make purchases using financial aid. All financial aid awards are considered estimated awards until aid transmits to student accounts in the SCC Business Office.
- Funds available after tuition, fees, book and supply costs have been paid will

be disbursed by the Business Office. Disbursement dates will be printed in the *SCC Student Planner and Handbook* and in the *SCC Enrollment & Advising Guide*.

Communication with Students

MySCC Portal provides online services to SCC students such as student email accounts, campus announcements, message boards, calendars and discussion groups. Through the Student Self-Service in MySCC Portal, you may access your personal records such as class schedules, grades, transcripts, financial aid information, as well as register for classes.

The majority of communications from the SCC Financial Aid Office will be sent to your SCC email account. You must review your email and announcements daily through MySCC Portal to ensure you have the latest information about your financial aid status.

Satisfactory Academic Progress

Students applying for and/or receiving federal financial aid or S.C. Need Based Grant must be making satisfactory academic progress toward a degree, diploma or certificate.

- This policy requires SCC Financial Aid Office to review the grades you earn and how many credit hours you have attempted.
- Eligibility will be reviewed at the end of each semester in which you were enrolled.
- You must earn at least 67 percent of the cumulative hours attempted. Courses with grades of F, W, I and U are not considered completed courses.
- You must maintain a minimum cumulative grade point average (GPA) of 2.0.
- You may receive financial aid for 1.5 times the published length in credit hours for your program of study.
- It is your responsibility to review and understand the College's satisfactory academic process requirements. This policy is explained in the *SCC Catalog* found at www.sccsc.edu/catalog.

Eligible Programs / Courses, Enrollment Status and Repeating Courses

You must be accepted for enrollment in an eligible program to receive any type of federal aid. General Education Development (GED) and continuing education courses are not eligible courses. Audited classes will not be considered in determining your enrollment status. Students enrolled as a special or transient student in an Admission of Special Applicants Program (ASAP) are not eligible for financial aid or VA benefits.

- Eligibility can only be based on those courses required for graduation or as a prerequisite for courses required in your program of study.
- Repeated courses may impact federal financial aid eligibility. You may only repeat a previously passed course once (two attempts). If you enroll in a previously repeated course for a third time, the course will not count toward your enrollment status for federal financial aid.

-
- All the terms in a semester are combined to determine your enrollment status for that semester.
 - The original award notice is based on full-time status; however, aid will be reduced based on the actual number of credit hours in which you enroll. Remember that if you are not full-time, you do not pay as much for tuition and fees.
 - The final enrollment status is determined as of the census date each semester:

Full-Time Status	12+ credit hours
Three-Quarter Time Status	9-11 credit hours
Half-Time Status	6-8 credit hours
Less than Half-Time Status	1-5 credit hours

Transfer Students

Financial aid awards cannot be transferred from one college to another. You must have the results of the FAFSA released to the new college.

- Students transferring to SCC must add SCC's Title IV school code, 003994, to the current year's FAFSA.
- It is your responsibility to notify SCC's Financial Aid Office of prior attendance at another post-secondary school.

Summer Aid

Financial aid for summer is available for those students who qualify and will be awarded separately from the fall and spring semesters.

- Summer funding is limited and not all funds are available during the summer.
- Federal Pell Grant is available in the summer term for students who have not received 100% of their Pell award (students who were not full time during the previous fall and spring terms. Beginning summer 2018. Pell Grants are available year round for students who have received 100% of their Pell award. If you were full-time in the fall and spring you must enroll at at least half-time (6 credits) to receive Summer Pell.
- S.C. Need Based Grant, LIFE Scholarship and the S.C. Teacher Loan are not available during the summer semester.
- Lottery Tuition Assistance is not available if you received a LIFE Scholarship during the previous fall or spring semesters.

- If you do not complete at least 60 percent of a semester, you will owe a repayment to the College and/or the federal government for the amount of unearned financial aid.

Legislative Incentives for Future Excellence (LIFE) Scholarship

The LIFE Scholarship is an academic scholarship funded by the State of South Carolina.

All students must meet these eligibility requirements:

- Have graduated from a high school located in South Carolina, graduated from an approved home-school program as defined in the State Statute, Sections 59-65-40, 45, and 47, or a preparatory high school located outside of the state while the student is a dependent of a legal resident of South Carolina who has custody or pays child support and college expenses of the dependent high school student.
- Be a legal resident of South Carolina and a U.S. citizen or an eligible non-citizen.
- Have no felony convictions.
- Not been adjudicated delinquent, convicted or pled guilty or nolo contendere to any second or subsequent alcohol or drug related offense for one academic year.
- LIFE scholarship awardees must sign and return SC State Certification to activate funds.
- Not owe a repayment to a federal or state grant or be in default on any state or federal student loan.
- Enroll full-time (minimum of 12 non-remedial credit hours per semester) in a degree, diploma or certificate program.

In addition, a **first-time freshman** must:

- Have earned a minimum 3.0 high school cumulative grade point average on the SC Uniform Grading Scale.
- Have a calculation date between the date of graduation and no later than June 15, and
- Submit the final, official high school transcript to the SCC admissions center.

A **continuing student** may gain eligibility by:

- Earning a GED diploma if not a high school graduate.
- Earning at least 15 credit hours for every semester elapsed since the initial enrollment in a post-secondary institution whether or not enrollment was continuous (students who begin mid-year may receive the award no earlier than their fourth term of enrollment).
- Earning a minimum cumulative collegiate GPA of 3.0.
- Submitting to the SCC admissions center an official transcript from each post-secondary institution attended.

A **transfer student** must:

- Earn at least 15 credit hours for every semester elapsed since the initial enrollment in a post-secondary institution whether or not enrollment was continuous (students who begin mid-year may receive the award no earlier than their fourth

term of enrollment).

- Earn a minimum cumulative collegiate GPA of 3.0.
- Submit to the SCC admissions center an official transcript from each post-secondary institution attended, and
- Contact the LIFE Scholarship Coordinator in the SCC Financial Aid Office to determine eligibility.

To have the scholarship **renewed** for a second academic year, you must:

- Earn at least 30 non-remedial credit hours (or 15 non-remedial credit hours if eligibility began during a spring semester). Note: You need to take 12 non-remedial credit hours per semester to receive LIFE, but to renew LIFE the following year you must earn at least 30 non-remedial credit hours (or 15 non-remedial credit hours if eligibility began during a spring semester). You may need to take additional credit hours during the fall and spring semesters or enroll during the summer semester.
- Earn a minimum cumulative collegiate GPA of 3.0 (excluding grades for remedial courses and excluding grades for any non-remedial courses earned prior to the spring semester if eligibility began during a spring semester).
- Have terms of eligibility remaining. You may receive the LIFE Scholarship for two semesters if enrolled in a one-year program or for four semesters if enrolled in a two-year program.

Why do students who are eligible for LIFE sometimes not receive it?

- To be admitted to SCC, you must take a skills assessment. Depending on your scores, you may need to take refresher courses in math, reading or English. These refresher courses are also referred to as “remedial” or “transitional” courses.
- You cannot use a LIFE Scholarship until you are enrolled in at least 12 non-remedial credit hours during a semester. Remedial courses are not covered by LIFE.
- If you need to take remedial courses, then your LIFE Scholarship can be deferred for up to one year.
- Zero level, 100 level and ESL 102 are considered remedial courses. (MAT 031 and RDG 100 are examples.)
- If you need remediation, you should discuss all possibilities with your academic advisor. However, the Financial Aid Office does not recommend taking 12 non-remedial credit hours at the same time that you are enrolled in remedial classes. You may negatively affect your ability to renew the LIFE Scholarship.

What are some other things that I need to know about the LIFE Scholarship?

- Beginning Summer 2015, students enrolled in an Associate Degree program who have earned a minimum of 30 (non-remedial) credit hours and a 3.0 GPA by the end of the Spring semester may elect to use one of their remaining two terms of LIFE eligibility for Summer semester. **NOTE:** Students are required to be enrolled in at least 12 credit hours during the Summer term.
- You cannot receive LIFE and Lottery Tuition Assistance. If you receive LIFE during

a fall or spring semester, you cannot receive Lottery Tuition Assistance during the following summer semester.

- If eligible, you must sign a certification form each year.

What if I graduate early from high school?

- Students who complete all requirements for high school graduation prior to the official graduation date in May or June may be eligible to receive the LIFE Scholarship for the spring term if they meet all initial and general eligibility criteria.

- The following must be submitted to SCC by the last day of the spring term:

Submit to the SCC admissions center:

1. An official high school transcript in a sealed envelope. The transcript must include all grades through January and a cumulative GPA based on the S. C. Uniform Grading Policy, and
2. A letter from your high school principal on the school's letterhead indicating you have completed all requirements for high school graduation.

- You cannot receive LTAP for more than one certificate, diploma or degree earned within any five year period unless the additional certificate, diploma or degree constitutes progress in the same field of study.

The amount you can **use** toward tuition and fee charges is based on the amount of these charges remaining on your account **after** Federal Pell Grant, FSEOG, NGCAP or SCNBG has been applied to your student account. If you receive a LIFE Scholarship or a tuition waiver, you will not receive LTAP. If your tuition and fees are paid by VA, you will not receive the LTAP award.

- LTAP will be applied to your student account before any SCC scholarship, outside scholarship, Federal Direct Loan or S.C. Teachers Loan award(s) so that you can use these award(s) for books or receive a cash disbursement.

-
- LTAP **cannot** be used for books, supplies or be disbursed to you by check.
